

CHIEF FEATURE IS THE ONE

We work through spring and winter,
Through summer and through fall,
But Chief Feature works the hardest
And the steadiest of all.
It works on nights and Sundays,
And every holiday,
O, Great God Almighty,
Please make it go away.

Now the school is always broke,
And its budget up in smoke.
Its finances are completely off the wall.
You may ask who's helping who,
Are the blind leading the few?
I don't blame you if you ask who eats it all.

Chorus

A person goes through life
Knowing something's not quite right,
Would like to find the reason for it all.
But Nature takes him by the hand,
And life makes its demands,
And Chief Feature is the one that eats it
all.

Chorus:
Chief Feature is the one,
Chief Feature is the one,
Chief Feature is the one
That eats it all,
If you'd only look and see
I'm sure you would agree,
Chief Feature is the one that eats it
all.

Now the seeker seeks the light,
But his machine ain't working right,
And you know he'll need some help or
else he'll stall,
So he's got to find a school,
And admit that he's a fool,
Or Chief Feature once gain will get it all.
